Bold Explorers is a fully scholarship-funded, residential summer camp experience built specifically for youth with visual impairments — where every activity is adapted, every camper is known by name, and no one sits on the sidelines.

ONE-ON-ONE BUDDY

Every camper is paired with a dedicated volunteer Buddy for the entire week — a consistent, caring companion for every activity and meal.

ADAPTED ACTIVITIES

Every camp activity is thoughtfully designed for visually impaired campers. Full participation, full adventure — no exceptions.
